Bachelor of Science, Psychology, Florida State University, 1989-1990

Master of Social Work, Florida State University, 1991-1993

Licensed Clinical Social Worker, 1999

**WORK HISTORY**

*August 2007-present*

*Assistant in Field Education, College of Social Work, Florida State University*  
Faculty duties include assisting students in obtaining field placements locally as well as in other areas of the state. Serve as a liaison between the college and field instructor at placement agencies which involves evaluating and monitoring the student's placement experience. Teaching duties include teaching three classes per semester which may be a combination of online and face to face.

*February 2007-July 2007*

*Therapist-Lee's Place: A Grief and Loss Counseling Center*  
Provided individual and family therapy to clients reacting to grief and loss. Also participated in grant/contract writing and development as well as fundraising and community education and training.

*February 2006-2007*

*Therapist-Tallahassee Memorial Healthcare Employee Assistance Program*  
Provided individual and family therapy on an outpatient basis to employees (and their families) of companies (internal and external) with EAP contract. An additional role as an EAP therapist included providing education to employees in the form of presentations and trainings. I also led substance abuse groups (intensive outpatient) and provided individual therapy for clients with chemical dependency as well as conducting chemical dependency consults on the inpatient psychiatric units of the Behavioral Health Center.

*August 2005-July 2007*

*Adjunct Professor- Florida State University, College of Social work*  
Courses taught included Psychopathology and Social Work Practice 1&2.

*December 2005-August 2006*

*Program Coordinator- Antidepressant Medication Management Program  
Capital Health Plan*

Developed and implemented new quality assurance/disease management program. Program identifies patients in health plan diagnosed with major depression and prescribed an antidepressant. This was a part time position under temporary contract.

*May 2000-December 2005*

*Therapist-Health Management Institute-Canopy Cove*

Canopy Cove is a partial hospitalization program that specializes in the treatment of eating disorders. Responsibilities included providing individual, group and family therapy on a continuous basis for duration of client stay. Also provided clients and family members education on eating disorders, nutrition and meal planning.

*March 1998-June 2002*

*Community Intervention and Research Center, Inc.*

Provided bio-psycho-social assessments to children to qualify for mental health services from Medicaid. Services provided on a contract basis.

*July 1996 – May 2000*

*Therapist, Children's Home Society, Family Connection Program*

Provided individual, group, and family therapy to children, adolescents and families. Individual therapy was primarily with children and adolescents. Group therapies consisted of sexual abuse treatment, ADHD children's groups and adoption support and education. Also responsible for psychosocial assessments, developing treatment plans and evaluating progress.

*May 1993-July 1996*

*Targeted Case Manager, Children's Home Society, Family Connection Program*

Responsibilities included linking clients with needed services, coordinating with other agencies and service providers, in-home assessments, developing treatment plans and monitoring client's progress and care.

*July 1990-1993*
